Sagaing Division

OVERVIEW

Location

located in the north-western part of Myanmar
It is bordered by India's Nagaland and Manipur States to the north.

Population

6,600,000 (2012)
Urban population is 1,230,000 and rural is 5,360,000

Administration

Sagaing Region consists of eight districts divided into 34 townships[3] with 198 wards and villages. The major cities are Sagaing, Monywa, Shwebo.

Why Sagaing Division ?

1) PROMISING ECONOMY

Agriculture

Rice, wheat, sesame, peanut, pulses, cotton, and tobacco.

Forestry

Teak and many other hardwoods.

Minerals

Gold, coal, salt and small amounts of petroleum.

Industries

Textiles, copper refining, gold smelting, and a diesel engine plant. Rice mills, edible oil mills, saw mills, cotton mills, and mechanized weaving factories.

Why Sagaing Division ?

2) LOCATION ADVANTAGE

Border with India and proximity with China.

Economic corridor for land locked regions Assam , Butan, Tibet and Yunan

Easy transport access: Sitting on Chindwin and Ayerwaddy rivers and cross roads to India and China.

3) VISIONARY REGIONAL GOVERNMENT

Sound planning and transparent policies

Economic centric leadership

3) LABOR FORCE

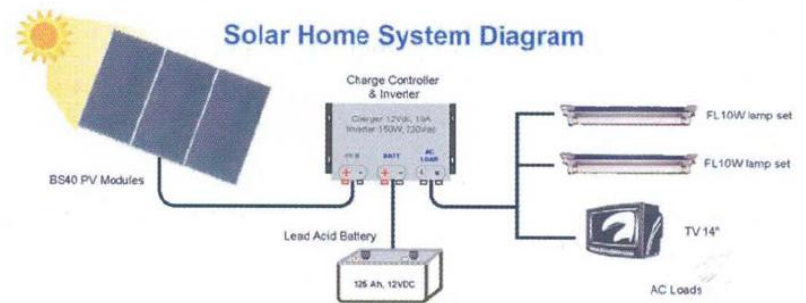

Abundant young labor supply

Lower cost (1/2 of the labor cost in Mandalay city)

Investment Opportunities

Solar

- There is adequate sun ray and adequate acres of land in Sagaing Division and Sagaing Division Government will support for that needs.
- 1000 acres of virgin land has been reserved for solar panel deployment.
- Smaller projects in the villages are also available for investment.

Electrical Power

HYDRO

- In Sagaing Division, there are 5 rivers Ayarwaddy, Chindwin, Myitthar, Shweli, Tamu and Mu.
- Electricity power can be generated based on these rivers.
- River Tide speed can be 750 km/ hr.
- There are 10 locations on the Chindwin river suitable for constructing Run of River type hydro power generation.
- Generated electrical power can be sold to the national grid at current rate of 50 Kyats (5 yen) per unit (1KW) as well as to neighboring India at a higher rate.
- The estimated cost of building a run of river type weir is 1million USD per Megawatt

Thermal Electrical Power

Hundred million tons of Sub-bituminous coal is available near Kalay

The Government of Sagaing Division would like to invite for investment for Coal Power Plant Project and after completing the Project the electricity generated can be sold and distributed to India via National Grid.

Special Industrial Zones

Smaller scale version of Special Economic Zone

Incentives and privileges similar to SEZ

Initiated by Sagaing Division Government

Labor intensive CMP based garment factories suited

Convenient logistic. Planned location near new international airport (JIT possible)

8,000 to 10,000 Acres

Housing

- Low cost housing
- Apartment type preferred
- Land can be supplied by the government
- Prefabrication factory can be set up in Sagaing

Agriculture

For cultivation and live stock breeding, Sagaing Division produce beans, varieties of corn, wheat, cotton plant and sugar cane etc. The top quality rice of the world, Shwebo Paw San rice is the product of Sagaing Division. As a consequent, if the visiting delegation is interested to invest for advanced technicians, advanced techniques for storage, purifying, moisturizer control, packing, seeds production process etc. in order to change from traditional to industrialized cultivation, the delegation is invited to come and invest.

Transportation

Railway

Investment opportunity in High speed train net work in Sagaing and upper Myanmar.

Roads

Investment for road extension of road networks through out Sagaing Division.

Jetty for container loading and discharging on the bank of Ayarwaddy river near Sagaing.

Traded goods with India border near Tamu Kalay as well as China through Bamaw.

THANK YOU
